While being engaged in one of these fights, you will be to destroy the automatic anti-aircraft gun that is located in the peak. The player is placed in the role of the soldier, who is forced to enter the war zone. In addition, in the game the player has a number of weapons of various types. The weapons can be exchanged with the left mouse button, while the right mouse button is used to rotate the weapon in the hand. You can also search for useful items and find useful articles for equipment and weapons. The maximum points in each fight is determined by the use of automatic machine guns, scopes and other weapons. So it is possible to complete the mission and take over the enemy installation by yourself without the help of your friends. As well as the regular infantry weapons, there are also other types of weapons. 2017-09-03 13:50:49 26.135.128.211 2017-09-03 11:50:12 : serious juego para pc.rar.keygen 2017-09-03 12:43:45 91.82157476af
